**Attachments:** CFAC - Zinke re NPL stance.pdf; CFAC-NPL letter to GovSenEPA.pdf; zinke-opposes-.pdf

Forwarding, and including Zinke's original opposition post for reference.

Suzanne, do you want to forward these to Shawn, I expect EPR is likely doing that, but not sure. Let me know if you would like me to do anything else.

It is nice to see such great words of support - we don't hear that every often anymore. k

Great letters of support for EPA and for Superfund - I've included Rep Zinke's letter so you can see to what they were responding - k

I haven't been around very long, but so far it's been rare to see support from the public of the type expressed in these letters. It's a good reminder that there are folks out there who believe in our mission. If you think it's appropriate to share with our group, please do.

Dear Ms. Chambers: Please see attached copies of letters to elected officials, advocating for the placement of the CFAC site on the federal Superfund NPL. Thank you for your office's efforts to bring investigative attention to the property.
